

REAL ESTATE

Looking for a cost effective telephony solution for your real estate business but Have You Asked?

- Can customer reach my sales person anytime on their smart phone as an extension?
- Can customer reach the same sales person when he calls back from same number ?
- Can I have auto dialing for my telesales?
- Does it support direct inward system access (DISA)?
- Can I manage multiple sites /branches from one location?
- Can the calls be routed based on projects?

IP PBX - Real Estate

*astTECS brings a complete telephony solution for real estate sector that supports activities in the office and the field for better communication. Real estate company can now have better coordination with customers and sales person to enhance the services and accelerate the business.

FEATURES:

Smart Phone as extension: *astTECS IP PBX supports smart phones as extensions within Wi-Fi range. This features helps customer to reach the sales person anytime.

Remember my calls: If the customer calls back from same number, *astTECS IP PBX will automatically route the calls to the sales person who previously attended the call.

Call center solution with auto dialing: *astTECS IP PBX provides complete call center solution, which handle both outbound and inbound calls. It enables voice blasting, ACD dialing, report generation and many more.

Multiple sites /branch connectivity: With *astTECS IP PBX, the real estate company can have seamless communication between sites / branches.

Time based call routing: *astTECS IP PBX allows to route the calls to different extensions /destinations based on the time call is made.

Direct inward system access (DISA): *astTECS IP PBX enables employees to access the office IP PBX from outside to make STD, ISD and local calls at anytime. Hence reduces in calling cost.

Call based on the projects: *astTECS IP PBX enables the real estate company to assign separate DID number for each project and receive calls based on projects.

Others Features:

- Built in call recording
- Call detail report
- Voice mail
- Voice mail to Email
- Receptionist console
- Custome message
- Third Party software integration (ERP, CRM, SMS/click to call)

PRODUCT BUNDLES:

- *astR50 - for 50 extensions with 3 seaters call center dialer
- *astR100 - for 100 extensions with 5 seaters call center dialer
- *astR200 - for 200 extensions with 7 seaters call center dialer
